

RYUN & INSIL CHANG

Chihuahua, Mexico

We are missionaries in Chihuahua, Mexico providing extended education for pastors here and in Chihuahua as well as in other states. Our boys, Joshua and Justin, attend Colegio Binimea, which is a school for the children of missionaries of the New Tribes Missions. Our oldest daughter, Christy is in her first year of college at the University of Virginia.

Our main ministry is producing seminary level theology courses in Spanish. We first train the pastors, and then introduce them to churches and Bible institutes. Currently, Ryun is teaching Greek, Church History, Comparative Systematic Theology and Hermeneutics. Insil teaches music theory to school children and has several one-on-one studies with women from various churches.
