

DIMA & ALINA TRIBELSKY

Saint Petersburg, Russia

Alina and I love Jesus Christ with all our hearts. We are fully committed to the work of the ministry. I love teaching and discipling people in the Word. I love to see people impacted by the Holy Spirit and live abundant lives. God has given Alina the gift and passion for worship and she uses her gift to edify the body. Our son Daniel, is three years old. We teach him about our Lord and our faith. He loves reading the Bible. He loves to be with us and we really enjoy his company. Currently, I am teaching through the book of Revelation. I am convinced that the church needs to have a revelation of Jesus Christ. My favorite passages from this book are chapters 4 and 5. Before the time of tribulation, John was given a vision of God's throne room, an amazing place of peace and worship. I pray that this vision will impact my heart, capture my mind and that the peace of God will guard my understanding. Our dreams are to record a new worship album this year and to impact people with the Gospel of Jesus Christ.
