Michael and Susan have been volunteers with Transport For Christ for 13 years. They now are full-time missionaries for the TA West Truck Stop at Milliken and the 10 Fwy in Ontario, CA

The DeBays now devote all their energies and time to ministering to truckers. The theme verse for the truck stop is Matthew 6:33 "Seek first the kingdom of God, and His righteousness and all these things will be added unto you."

The truck stop is like a small city with a revolving population every day. Many truckers come in beat up from the road and being away from their families for such long periods of time. This ministry reaches out to them with the fellowship, love, and truth of Jesus Christ. Michael and Susan hope that many others will partner with them in this important ministry. They always are in need of more chaplains since they hope to keep the chapel open 24 hours a day.
