

The proposed Constitutional Amendment reads:
Marriage in the United States shall consist only of the union of a man and a woman.
Neither this Constitution, nor the constitution of any State, shall be construed to require that marriage or the legal incidents thereof be conferred upon any union other than the union of a man and a woman.

ACTION ALERT

The Marriage Protection Amendment of 2008 needs your support!

House Joint Resolution 89

Source: American Family Association

(This Federal Amendment defines marriage as between one man and one woman and will affect **all 50 states**, including those who do not have a State constitutional amendment).

Congressman Paul Broun of Georgia has introduced the **Marriage Protection Amendment of 2008 (H.J. RES. 89)**. This amendment to the U.S. Constitution would make marriage legal only between a man and a woman.

If you haven't heard about this, it is because the liberal media opposes it. So if they simply refuse to report it, citizens will know nothing about it and will not act on it.

As you know, Massachusetts has already legalized same-sex marriage, while the California Supreme Court has ruled all laws restricting same-sex marriage illegal. In both places, the courts ruled by a one vote margin. The goal of same-sex marriage activists is to see same-sex marriage legal in all 50 states.

Representative Broun needs co-sponsors for **H.J. RES. 89**. Please contact your Representative and ask him or her to co-sponsor H.J. RES. 89. Same-sex marriage activists are determined to force same-sex marriage on America by using activist liberal judges, like those in Massachusetts and California. A Federal Marriage Amendment will finally put an end to activist judges tampering with the will of the people.
